FIXED ISSUES

EVERYTHING BELOW HAS BEEN FIXED. WE HAVE LOOKED AT THE PRIORITY LIST AND FIXED NUMEROUS THINGS TO CONTRIBUTE TO THE GAME'S PLAYABILITY AND FUN FACTOR FOR THE PLAYERS ALSO BASED ON THEIR FEEDBACK.

WHAT WE HAVE FIXED:

OPENING INFORMATION DUMP

- FIX: WE CUT DOWN THE BIG BLOCK OF TEXT THAT NOW TEACHES ONE THING PER ROOM WITH A SHORT INSTRUCTION AND A CHANCE TO TRY IT RIGHT AWAY INSTEAD OF HAVING TO WAIT FOR EVERYTHING TO LOAD.

CAMERA SCALE

- FIX: ADJUSTED THE CAMERA SO THE CHARACTER LOOKS PROPORTIONAL ON SCREEN AND NOT TOO TINY.

CONTRACT CLARITY

- FIX: THE FIRST CONTRACT NOW MATCHES OR CLEARLY LEADS INTO THE REAL CHOICE THE PLAYER MAKES LATER.

PLAYER-SELECT HUD

- FIX: WE MADE IT BIGGER, CLEARER, AND LABELLED, WITH A HIGHLIGHT OR TIP THE FIRST TIME IT'S USED, AND SOFTER COLOURS.

LANGUAGE

- FIX: EVERY TUTORIAL STEP REWRITTEN SHORTER AND IN PLAIN WORDS. ALL 4 CHOICE-BUTTON WORDS ON ALL 30 EVENTS (20 NORMAL + 10 MAIN) ARE REWRITTEN IN PLAIN LANGUAGE.

TIMER

- FIX: THE TIMER NOW LIVES INSIDE THE LAPTOP SCREEN, SO IT NO LONGER CLASHES WITH OTHER PANELS. IT ONLY STARTS ONCE YOU CLICK CONTINUE ON THE BACKSTORY. GIVING THE PLAYER MORE ROOM TO DECIDE WHILE KEEPING THE PRESSURE ON.
